- 3) Full-time College enrollment: Student must take at least a total of 12 HOUR college credits Students who select option 1) or option 2) and are classified as a 12th grader may opt for a minimum day, which reduces the HS schedule by one class period, according to Board Policy IED-R. This is not an option for students who are selecting option 3) and attending the college full-time based on the state regulations for full-time dual enrollment requirements. Students who take advantage of minimum day must take at least one high school credit-bearing course.
- The maximum number of hours that are covered by DE funding per semester is 15 total college credit hours.

TEACHING & LEARNING, SUPPORT & SPECLIALIZED SERVICES | STUDENT ASSISTANCE PROGRAMS | SCHOOL COUNSELING

- 3. The total maximum "lifetime" number of hours that are covered by DE is 30 semester hours/45 quarter hours.
 - a. For the 2020-2021 SY: Students who have earned 19+ hours by the 2020 Summer term are allowed 12 additional hours
 - b. Students who choose to pay for courses beyond 30 hours will not receive high school credit for these courses.
- 4. The semester/quarter hours awarded by the postsecondary institution will be converted to Carnegie Units on the student's transcript as follows:

Colle	ge Hours		High School Credit	•	
One t	o Two Semester OR One to Three Quart	ter Credit Hours	.5 High School Unit Credit		
Three	to Five Semester Credit Hours OR Four	r to Eight Quarter Hours	1.0 High School Unit Credit		

- Most grades earned at the college will not receive additional quality points toward the high school GPA; however, additional quality points will be given for DE courses after the student has taken the highest instructional level in a specific subject area available at their high school (CCSD Admin Rule IDCH-R). The DE course must be a higher level than the HS course. This will potentially impact GPA. Students should consider course selection carefully.
- 6. A student may not receive funding or high school cred for the same DE course number twice, even if the postsecondary school makes this recommendation. Courses completed at the high school can be repeated at the college if an alternate DE course number exists.
- 7. Students must select from approved core and CTAE in the approved DE Course Directory, published on www.gafutures.org
 - a. Courses not listed in the Course Directory are not eligible for DE funding, will not count toward full time status, and will not be awarded high school credit
 - b. Any course taken beyond the 30 hour DE cap must be funded by the student/parent and will not be awarded high school credit
 - c. The prior two statements, a and b, are subject to change, pending state clarification.

COURSE INCOMPLETION, WITHDRAWAL, OR FAILURE

- 1. If a student withdraws from a DE course after the first ten days of the <u>CCSD High School term</u> regardless of the college drop/add and withdrawal policies, the withdrawing student will receive a grade of 10 in the course. The course and grade shall be recorded on the high school transcript (CCSD Admin Rule IHF-R).
- 2. Students become ineligible to continue to receive DE funding for future terms after their 2nd course withdrawal
- 3. A student's graduation may be delayed if:
 - A student withdraws from or fails a course needed for graduation.
 - A course is audited rather than taken for credit.
 - A student withdraws from a college class or fails a college class needed for graduation and is unable to enroll in a district high school or college course that will allow on-time graduation. (Note: not every course is offered every semester.)
 - A student withdraws from a college class and enters a high school class, potentially missing course content.

/ COMPETITIVE ACTIVITIES

"To be eligible to participate, practice, and/or try out in interscholastic activities, a student must be academically eligible. A student is required to pass classes that carry the equivalent of at least 2.5 Carnegie Units counting toward graduation the semester immediately preceding participation" (Georgia High School Association Constitution and By-Laws). Other eligibility concerns may be confirmed with the athletic director. Students and parents will need to consider whether practices, games, etc. will interfere with the completion of postsecondary course requirements.

DUAL ENROLLMENT APPLICATION, FUNDING APPLICATION, AND FEES

- **Students are required to complete Dual Enrollment Funding Application/Participation Agreement each semester of participation at www.gafutures.org
- 1. Student application deadlines (Students must adhere to these CCSD deadlines unless the college admission and funding deadline is earlier.)
 - Fall College application is due by **May 1**; Funding application is due by **August 1**.
 - Spring College application is due by **November 1**; funding application is due by **January 7**.
 - Summer College application and funding application are both due by May 1.
- 2. DE funding is capped at 30 semester/45 quarter hours for all students.
- 3. An eligible student must be enrolled in an approved eligible core academic area course(s) in English, math, science, social sciences and world (foreign) languages, and Career, Technical and Agricultural Education (CTAE) career pathway course(s) listed on the Dual Enrollment Course Directory.
- 4. Students who wish to pursue High School Option B, please see the LSA addendum for additional regulations and funding options.
- 5. DE students may be responsible for additional fees or supplies required for particular courses or optional fees charged by the postsecondary institution.
- 6. Students who wish to take more than the funded 30 DE courses must self-pay required tuition, fees, books, and any other related expenses. These courses will not be awarded high school credit nor will they count toward full time status.
- 7. The student is responsible for tuition and fees for any course taken that is not in the DE approved course directory or on the student's DE application. These courses will not be awarded high school credit nor will they count toward full time status.
- 8. DE courses in Academic subjects (found on the HOPE eligible list at www.gafutures.org) are included in determining a student's High School HOPE GPA. HOPE eligible courses are given an additional 0.5 weight in the High School HOPE GPA calculation up to a GPA maximum of 4.0.
- 9. DE courses/grades are NOT included in a student's college HOPE/Zell Miller GPA checkpoint calculations, attempted hours, and/or paid hour limits.

We have read and understand all the conditions and procedures outlined in the DE contract. We understand that we must abide by high school rules and requirements, which may differ from college rules and requirements.
