MATHEMATICS

Accelerated Courses-

- go at a faster pace
- include 1.5 years of curriculum-
- very little calculator usage
- Accelerated courses earn $\frac{1}{2}$ EQP

Honors Courses-

- more rigorous
- higher-order thinking questions,
- can take two math courses during sophomore year to reach Calculus
- less calculator usage
- Honors courses earn $\frac{1}{2}$ EQP

**All Math courses take the same Ga Milestones EOC

SCIENCE

Physics I - a course which includes all standards of Physics I. It is considered a lab science by colleges

Physics I 93

Honors – 2 options- both receive .5 EQP

Honors Physics I 91

1.5 hours homework per week/independent reading/must be in GSE Honors Algebra

This is not a repeat of MS Phy Science-lab/math – many schools teach this course in 11/12th grade

Honors Biology 101 - Hyper accelerated

Co-requisite is Honors Algebra 1 or higher math (must be honors level)

3 hours homework per week/Honors English is recommended

RIGOROUS COURSE WORK

- Challenging course work directly relates to standardized test scores
- Challenge yourself in areas of strength
- COGAT/IOWA scores
- College admissions- progression in your rigor over the four years
- Prepared for post-secondary work

ALL honors course will earn an .5 Extra Quality Point and AP will earn a 1.0 Extra Quality Point.

A in a college prep course is 4.0

A in an honors course is 4.5

A in an AP course is 5.0

HIGH SCHOOL HINTS

-Students are not allowed to retake assessments to improve their grade. Be well prepared for every assessment!

-Regular homework is expected. Missing homework will result in a grade of zero. Stay on top of all assignments!

-Teachers are available before and after school as well as WEBs for extra help and make up work.

-Use WEB time wisely!

-Take a course load that is right for your student. We want BALANCE!

WAIVERS

What is a waiver?

A form you submit to request a course one academic level different from the teacher recommendation.

How do I submit a waiver?

Electronic form will be distributed, and waivers are due May 1st.

What does this mean for my child?

Your child will be required to stay in the course for the semester even if the teacher decides he/she is misplaced.

WHY IS REGISTRATION IMPORTANT?

- We build our master schedule and hire staff according to student course requests.

- It is not possible to "try out" a course and then change your mind.

- We want to make sure that all students are adequately challenged and progressing toward high school graduation requirements.

HIGH SCHOOL COURSE REGISTRATION

- List of courses generated from MS teacher recommendations made on criteria set by Walton.
- Every list of courses should include English, Math and Science. Any other classes listed are considered electives for 9th graders
- Walton is a traditional bell schedule with a 7 period day. This means a full-time student should have 6 courses and a lunch.
- Elective registration opens tomorrow, March 12th and will close at 11:45pm on Sunday, March 21st

ELECTIVE COURSE REGISTRATION

- ALL students must complete elective course registration!!
- Elective course registration can be accessed through the student's current homeroom on CTLS
- Prepare ahead of time and read carefully – can only submit elective registration ONE TIME!
- What you will find in the CTLS homeroom:
 1. Link to elective course registration
 2. Link to electronic waiver form
 3. Information about registering & paying for zero period

ZERO PERIOD

- This is NOT required and is NOT for everyone.
- Zero period classes meet Monday-Thursday 7:10 – 8:10am
- Parent/guardian is responsible for transportation.
- Who takes zero period?
 - -Course 8 (extra course)
- Example: Student wants to take English, math, science, social studies, orchestra, Spanish and Latin
- If interested in zero period, you must express interest and pay for the course NOW. If no zero period class works in your schedule, you will receive a refund.
- Cost is \$300. Email Anilda Cook at Anilda.cook@cobbk12.org for more information.
